

NAVAL POSTGRADUATE SCHOOL (NPS) – MONTEREY, CALIFORNIA

Reviewed: 17 JUL 12

This page is a brief snapshot of information concerning NPS—your main source remains the NPS website <http://www.nps.edu>.

The SWO Community's top priority for Junior Officers during their first shore tour remains the opportunity to earn a graduate education. NPS is the best choice for this career milestone due to the flexibility in timing, tailored curriculums and JPME Phase I inclusion in many curriculums. Below is a list of historical NPS Curriculums available to Surface Warfare Officers. The information below is created from the NPS Master Curriculum Chart, which is the Registrar's official listing of active and pending NPS curricula. Updated quarterly, the chart includes details associated with curriculum management and degrees awarded. This and all additional NPS information can be found on the NPS website.

Defense Language Institute

Upon completion of a curriculum, officers with sufficient career timing still available may be authorized to attend the Defense Language Institute (DLI) at Monterey to learn a strategically relevant language. See the DLI link for details.

Academic Profile Code (APC)

The APC is a three-digit code which summarizes pertinent portions of an officer's prior college performance. This code is used to determine an officer's eligibility for an academic program at NPS. Your APC must be calculated before the Detailers will assign you a curriculum quota. See the APC link for details.
